*Florida* **1-800-424-3458**

*Virginia* **1-800-937-3443**

# STOCK-IT! INVENTORY MANAGEMENT PROGRAM

---

You can have it all! Only Stock-It! from Service Champ provides you with the information to effectively manage your inventory AND keep your cost-of-goods low!

## ***Here's what you can expect from Stock-It!...***

- **Increased Sales...** because the right product mix means you have the product in stock your customer needs.
- **Reduced Inventory Levels...**with the elimination of slower-moving units and the sell down of overstocked units.
- **Improved Inventory Turns...**as your weekly Service Champ order is just 1-2 days away there is really no need to keep a big inventory "cushion".

## ***Here's how to get started with Stock-It!...***

### **Step 1**

- For each product category, you can choose from four tiers of product coverage to keep on hand...
  - **RED** group is approximately 80%- 85% coverage.
  - **BLUE** group adds approximately another 5% - 10% coverage.
  - **ORANGE** group adds approximately another 5% coverage.
- With this detailed information, determine the tiers that fit your needs best for each product category.
- Lastly, review our suggested stocking levels for each part number.

### **Step 2**

- Based on your selections, use our shelf labels to set-up your inventory.
- Fill in your desired stock level on each label.

### **Step 3**

- You now have the right inventory to work with...and it's easy to keep it that way!
- Place your weekly with Service Champ by doing some easy math.
- Simply subtract the stock level from the actual on-hand quantity and you have the right quantity to order – no more & no less.

## ***We will provide you with new Stock-It Guides every January and July which will include..***

- Updates on what new part numbers to put in and what existing part numbers you may want to take out!
- Updates on what part numbers to stock more units of and what part numbers to stock less units of!
